

## Important Points on Request for Notification of Purpose of Use of Retained Personal Data

1. The Company will make notification of the purpose of use of retained personal data in writing. As a basic rule, the information will be mailed to the person identified by personal data as the recipient at the address stated in his/her resident register by certified mail addressed to the requester (when a statutory representative is the requester, the information will be sent to the statutory representative as the recipient at the address stated in the representative's resident register). The telephone number of the recipient will be written on the envelope. Once the mailed notification is delivered to a local post office, the recipient will be contacted by the post office. The recipient will then receive the package at his/her address or at the post office through the verification of his/her identity.
2. When the request is sent by a representative and yet the authority of representation cannot be verified, the person himself/herself may be contacted to verify the authority.
3. It may take a long time to hand over the package due to the identity verification procedure relating to retained personal data. Your understanding of this matter is appreciated.
4. You will be charged 600 yen for each request for the notification of the purpose of use. To pay the fee, we ask that you enclose either postage stamps or a postal money order with the request form. Please note that your request for notification of the purpose of use will not be accepted until such payment is made.
5. When it is found as a result of verification that the Company does not retain the requested personal data, the Company will notify you of such fact. In this case, the Company will not be able to return any fee that you have paid. Your understanding of this matter is appreciated.
6. When such notification is likely to harm the life, limb, property, or other rights or interests of the person or third parties, notification is likely to seriously impede the proper execution of the business of the Company, it is necessary to cooperate with a state organ or a local government in executing the affairs prescribed under laws and regulations and such notification is likely to impede the execution of said affairs or it is considered that the purpose of use is clear in consideration of the circumstances of the acquisition, notification of the whole or a part of the purpose of use may not be made. In this case, the Company will notify you of such fact, but will not be able to return any fee that you have paid. Your understanding of this matter is appreciated.
7. In cases in which the designated request form contains deficiencies, the Company may not be able to send you the notification.
8. The Company will utilize personal information provided through the request procedure within the scope necessary to follow the procedure for notification of the purpose of use, including verification of the identity of the person, examination of retained personal data, and communication with the person or his/her representative. The Company will not return the request form.
