3. When the request is sent by a representative and yet the authority of representation cannot be verified, the person himself/herself may be contacted to verify the authority.
4. When it is found as a result of verification that the Company does not retain the requested personal data, the Company will notify you of such fact.
5. When the retained personal data is in accord with fact, special procedures are prescribed under laws and regulation, or correction, etc., is not necessary in consideration of the utilization purpose, the Company may not be able to respond to your request. In this case, the Company will notify you of such fact.
6. In cases in which the designated request form contains deficiencies, the Company may not be able to respond to your request.
7. The Company will utilize personal information provided through the request procedure within the scope necessary to follow the procedure for making the correction, etc., including verification of the identity of the person, examination of retained personal data, and communication with the person or his/her representative.
